

SAMSUNG

CAMERAS

Digimax S800

NEW FOR
March 2006

The new fashion colour for great pictures is black

★ 8.1-megapixel CCD

The 1/1.8" CCD uses a tru-colour filter to produce fine detail images.

★ 3x optical SHD zoom lens plus 5x digital

The high definition zoom lens delivers sharper, clearer images and has a 35 mm equivalent of 35~105 mm. The 15x zoom is great for distance sports like Commonwealth Games athletics or swimming, football and surfing.

★ 5 cm Macro plus Auto Macro

Automatically alters the focus from 5 cm to infinity making every image sharp and clear, from flowers in the garden to the kids on the beach.

★ Large 2.4" Hi-Resolution Monitor

The 2.4" TFT LCD Hi-Res monitor lets you see what you are taking and gives a clear view of what you have taken.

★ User friendly Mode Dial

The mode dial offers easy access to the auto, program, manual and scene modes plus the family friendly night, portrait and child modes.

★ MPEG-4 movies at 30 fps with sound

Take movies in MJPEG-4 at 30 fps and show them on TV. You'll get more than an hour of movies on a 256 MB SD card and edit them 'in-camera'.

★ 20 MB internal memory plus SD card slot

Images can then be easily transferred from the internal memory to a Secure Digital (SD) memory card and will accept memory cards up to 1 GB.

★ PictBridge USB 2.0 direct printing

The S800 has PictBridge direct printing with compatible printers and fast download of full resolution images to PC or portable hard drive via USB 2.0.

★ Quick print button

Combined with Direct Print Order Format (DPOF) allows you to print two of three or one each of ten prints or any other combination.

★ AA alkaline or Ni-MH batteries

Uses universally available AA alkaline or cost saving Nickel Metal Hydride batteries which can be recharged in minutes.
