VP3D1 3D Video Processor User Guide

IMPORTANT: Please read this User Guide to obtain important information on installing and using your product in a safe manner, as well as registering your product for future service. Warranty information contained in this User Guide will describe your limited coverage from ViewSonic Corporation, which is also found on our web site at <http://www.viewsonic.com> in English, or in specific languages using the Regional selection box in the upper right corner of our website. *Antes de operar su equipo lea cu idadosamente las instrucciones en este manual*

Compliance Information

FCC Statement

This device complies with part 15 of FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

For Canada

- This Class B digital apparatus complies with Canadian ICES-003.
- Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

CE Conformity for European Countries

 The device complies with the EMC Directive 2004/108/EC and Low Voltage Directive 2006/95/EC.

Following information is only for EU-member states:

The mark is in compliance with the Waste Electrical and Electronic Equipment Directive 2002/96/EC (WEEE).

The mark indicates the requirement NOT to dispose the equipment including any spent or discarded batteries or accumulators as unsorted municipal waste, but use the return and collection systems available.

If the batteries, accumulators and button cells included with this equipment, display the chemical symbol Hg, Cd, or Pb, then it means that the battery has a heavy metal content of more than 0.0005% Mercury or more than, 0.002% Cadmium, or more than 0.004% Lead.

Important Safety Instructions

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this unit near water.
6. Clean with a soft, dry cloth.
7. Do not block any ventilation openings. Install the unit in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other devices (including amplifiers) that produce heat.
9. Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade and the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
10. Protect the power cord from being walked on or pinched particularly at plugs. Convenience receptacles and the point where they exit from the unit. Be sure that the power outlet is located near the unit so that it is easily accessible.
11. Only use attachments/accessories specified by the manufacturer.
12. Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the unit. When a cart is used, use caution when moving the cart/unit combination to avoid injury from tipping over.
13. Unplug this unit when unused for long periods of time.
14. Refer all servicing to qualified service personnel. Servicing is required when the unit has been damaged in any way, such as: if the power-supply cord or plug is damaged, if liquid is spilled onto or objects fall into the unit, if the unit is exposed to rain or moisture, or if the unit does not operate normally or has been dropped.

Declaration of RoHS Compliance

This product has been designed and manufactured in compliance with Directive 2002/95/EC of the European Parliament and the Council on restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS Directive) and is deemed to comply with the maximum concentration values issued by the European Technical Adaptation Committee (TAC) as shown below:

Substance	Proposed Maximum Concentration	Actual Concentration
Lead (Pb)	0,1%	< 0,1%
Mercury (Hg)	0,1%	< 0,1%
Cadmium (Cd)	0,01%	< 0,01%
Hexavalent Chromium (Cr6+)	0,1%	< 0,1%
Polybrominated biphenyls (PBB)	0,1%	< 0,1%
Polybrominated diphenyl ethers (PBDE)	0,1%	< 0,1%

Certain components of products as stated above are exempted under the Annex of the RoHS Directives as noted below:

Examples of exempted components are:

1. Mercury in compact fluorescent lamps not exceeding 5 mg per lamp and in other lamps not specifically mentioned in the Annex of RoHS Directive.
2. Lead in glass of cathode ray tubes, electronic components, fluorescent tubes, and electronic ceramic parts (e.g. piezoelectronic devices).
3. Lead in high temperature type solders (i.e. lead-based alloys containing 85% by weight or more lead).
4. Lead as an alloying element in steel containing up to 0.35% lead by weight, aluminium containing up to 0.4% lead by weight and as a copper alloy containing up to 4% lead by weight.

Introduction

Features

- Convert 3D video from several popular formats for display on DLP-Link 3D ready projectors.
- Automatically identify 3D input signal from 3D Blu-ray™ Disc Player and convert it to 720p 120Hz.
- Compatible with HDMI 1.4a 3D formats including side-by-side, etc.
- Pass 2D images unaltered for normal display
- Manually convert side-by-side 3D signal by pressing SBS Mode button.
- Environmental conditions:
 - Temperature:
 - Operating: 5°C ~ 35°C (41°F ~ 104°F)
 - Non-operating: -20°C ~ 60°C (-4°F ~ 140°F)
 - Altitude:
 - Operating: Sea level to 16,000 feet
 - Non-operating: Sea Level to 30,000 feet

Package Contents

- 3D Video Processor
- Power plug and power adapter
- HDMI cable
- ViewSonic CD Wizard
- Quick Start Guide

HDMI 1 input source & SBS mode enable	Steady light	Steady light	Steady light	Off
Power on & HDMI 2 input source & SBS mode enable	Steady light	Steady light	Off	Steady light

Connection

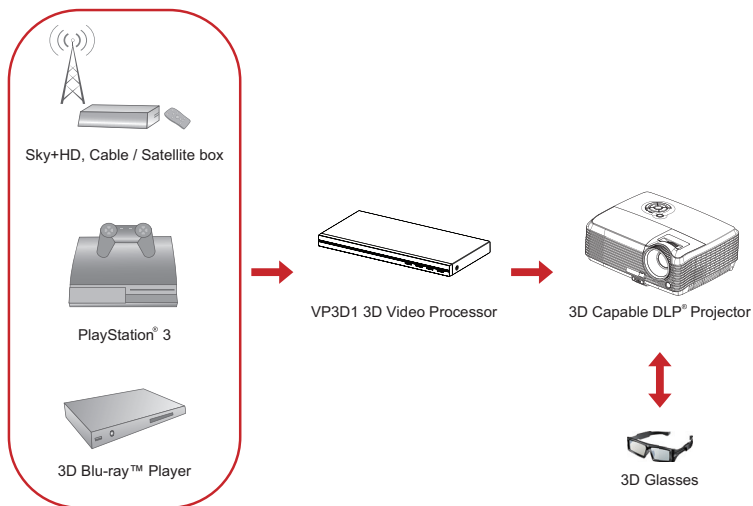

Connecting the AC adapter

① AC adapter

② Power cord

Connecting Video source devices

Using the 3D Video Processor

Once you have connected your devices together with HDMI cables, as shown in the diagram, you are ready to begin. Power ON your 3D video source, 3D Video Processor and your 3D projector.(*)

Note *: The 3D video source device must be powered on before the 3D Video Processor.

PlayStation® 3 Games

1. Make sure that you have updated your console to the latest software version in PlayStation® 3.
2. Go to the "Settings menu → Display settings → Video output → HDMI".

3D Blu-ray™ Player

1. Make sure that your player can support 3D Blu-ray™ disc and that 3D output is enabled.
2. Insert the 3D Blu-ray™ disc into the player, press "Play".

3D TV (e.g. SKY 3D)

1. Contact your TV service provider to enable any 3D channels on your channel package.
2. Once enabled, switch to the 3D channel. - You should see two images side-by-side.
3. Press the "SBS Mode" button on the front of the 3D Video Processor.(*)

Note *: If input video is normal 2D, please press SBS mode to "Off".

3D Device (e.g. 3D DV/DC) with 2D 1080i side by side signal output

1. Connect your 3D device and switch to out 3D content with 2D side-by-side output to 3D Video Processor. You should see two images side-by-side.
2. Press the "SBS Mode" button on the front of the 3D Video Processor.
3. When you see "3D" in the top right hand corner of the screen, enable your projector's 3D mode, turn on your 3D glasses and put them on.
4. If necessary, use your projector's 3D Sync-Invert option to optimize your 3D experience. The option is located in the "Display" section of the projector OSD menu.

Note: If input video is normal 2D, please press SBS mode to "Off". If SBS mode is active, 2D video content will not display correctly.

Operation

1. Connect your VP3D1 3D Video Processor to a 3D Blu-ray™ Player using a HDMI cable.
2. Connect your VP3D1 3D Video Processor to a 3D Ready DLP® projector using another HDMI cable.
3. Turn on your sources (3D Blu-ray™ Player, VP3D1 3D Video Processor and 3D Ready DLP® projector).
4. Press the “PLAY” button on the player.

5. Make sure the power of the 3D glasses is on.
6. Wear the 3D glasses, and then enjoy your 3D experience!

Specifications

Native 3D output resolution	HD Ready 720p120Hz
Maximum output resolution	Full HD 1080P
Inputs	2x HDMI 1.4a (HDCP) - audio supported USB type A for firmware update
Outputs	1x HDMI 1.3 (HDCP) - audio supported
2D video compatibility	PAL SECAM 576i/p, NTSC 480i/p, HD 720p/1080i/1080p
Power supply (AC adapter)	AC 100-240 V, 50 - 60 Hz, 3.0A
Power consumption	10W (<1W standby)
Dimension (W x D x H)	430 x 210 x 36 mm
Weight	1.3kg (2.9lb)
Note: Design and Specifications are subject to change without prior notice.

1440 x 900 @ 60Hz	1440 x 900 @ 60Hz
1680 x 1050 @ 60Hz	1680 x 1050 @ 60Hz
1600 x 1200 @ 60Hz	1600 x 1200 @ 60Hz
1920 x 1080 @ 60Hz	1920 x 1080 @ 60Hz

Troubleshooting

- No image appears on screen.
 1. Ensure all the cables and power connections are correctly and securely connected as described in the "Connection" section.
 2. Ensure all the pins of connectors are not bent or broken.
 3. Make sure you have powered on all the devices.
- Blurry double image.
 1. Press "SBS Mode" button to "Off" to avoid normal 2D image is blurry double image.
 2. Two images, side-by-side format.
 3. Press "SBS Mode" button to "On" for input signal is HDMI 1.3 2D 1080i side-by-side.
- Pseudo-3D Image or uncomfortable depth of field inside the image.
 1. Use you projector's "3D Sync. Invert" option.
- Image does not display in 3D.
 1. Check if the battery of 3D glasses is drained.

Limited Warranty

VIEWSONIC® 3D Video Processor

What the warranty covers:

ViewSonic warrants its products to be free from defects in material and workmanship, under normal use, during the warranty period. If a product proves to be defective in material or workmanship during the warranty period, ViewSonic will, at its sole option, repair or replace the product with a like product. Replacement product or parts may include remanufactured or refurbished parts or components.

How long the warranty is effective:

ViewSonic 3D Video Processor are warranted for 1 year for all parts excluding the light source and 1 year for labor from the date of the first customer purchase.

Who the warranty protects:

This warranty is valid only for the first consumer purchaser.

What the warranty does not cover:

1. Any product on which the serial number has been defaced, modified or removed.
2. Damage, deterioration or malfunction resulting from:
 - a. Accident, misuse, neglect, fire, water, lightning, or other acts of nature, unauthorized product modification, or failure to follow instructions supplied with the product.
 - b. Any damage of the product due to shipment.
 - c. Removal or installation of the product.
 - d. Causes external to the product, such as electrical power fluctuations or failure.
 - e. Use of supplies or parts not meeting ViewSonic's specifications.
 - f. Normal wear and tear.
 - g. Any other cause which does not relate to a product defect.
3. Any product exhibiting a condition commonly known as "image burn-in" which results when a static image is displayed on the product for an extended period of time.
4. Removal, installation, one way transportation, insurance, and set-up service charges.

How to get service:

1. For information about receiving service under warranty, contact ViewSonic Customer Support (Please refer to Customer Support page). You will need to provide your product's serial number.
2. To obtain warranty service, you will be required to provide (a) the original dated sales slip, (b) your name, (c) your address, (d) a description of the problem, and (e) the serial number of the product.
3. Take or ship the product freight prepaid in the original container to an authorized ViewSonic service center or ViewSonic.
4. For additional information or the name of the nearest ViewSonic service center, contact ViewSonic.

Limitation of implied warranties:

There are no warranties, express or implied, which extend beyond the description contained herein including the implied warranty of merchantability and fitness for a particular purpose.

Exclusion of damages:

ViewSonic's liability is limited to the cost of repair or replacement of the product. ViewSonic shall not be liable for:

1. Damage to other property caused by any defects in the product, damages based upon inconvenience, loss of use of the product, loss of time, loss of profits, loss of business opportunity, loss of goodwill, interference with business relationships, or other commercial loss, even if advised of the possibility of such damages.
2. Any other damages, whether incidental, consequential or otherwise.
3. Any claim against the customer by any other party.
4. Repair or attempted repair by anyone not authorized by ViewSonic.

Effect of state law:

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow limitations on implied warranties and/or do not allow the exclusion of incidental or consequential damages, so the above limitations and exclusions may not apply to you.

Sales outside the U.S.A. and Canada:

For warranty information and service on ViewSonic products sold outside of the U.S.A. and Canada, contact ViewSonic or your local ViewSonic dealer.

The warranty period for this product in mainland China (Hong Kong, Macao and Taiwan Excluded) is subject to the terms and conditions of the Maintenance Guarantee Card. For users in Europe and Russia, full details of warranty provided can be found in www.viewsoniceurope.com under Support/Warranty Information.
