COMBINATIONS: A GUIDE TO ARCAM'S HOME CINEMA PRODUCTS

Looking for a home-cinema system to buy, but unsure what will work best? Arcam produce a comprehensive range of products through our FMJ and DiVA series. Below are some of our best combinations to suit different budget and system requirements....

**ARCAM'S PREMIUM RANGE HIGH FIDELITY HOME CINEMA COMBINATION,
FMJ DV27A DVD PLAYER, AV8 PREAMP PROCESSOR AND P7 POWER AMPLIFIER**

FMJ DV27A DVD audio player

Arcam's class-leading DVD player makes the grade as a fine CD player in its own right and also offers DVD-Audio playback, outperforming other players both in DVD performance and CD playback sound quality.

FMJ AV8 preamp processor

Arcam's award-winning processor provides the ultimate in quality sound and video performance for cutting-edge home cinema installations. It features state-of-the-art engineering and we have ensured it will be the best long-term choice in a fast-changing industry

FMJ P7 power amplifier

The P7 multichannel power amplifier is a completely modular design that will deliver breathtaking results from both music and home cinema sources. It will enthral even the most experienced and discerning listener.

"Thanks to the Arcam AV8 preamp processor and DV27A DVD player, we have discovered and explored a whole new higher plateau in surround sound. This higher plateau goes way beyond Wow! You don't say Wow. You don't say anything. You can't say anything. You don't move. You can't move. You sit there, immersed, enthralled, captivated, transfixed."
